9\/10. --Pros
Nice arkanoid game.

Tig old biddies.

Goth pixel art.

Mouse control.

Dope punk instrumentals.

Uhhhh, game didn't crash when I used the edit mode to create a level that made it easy to grab several multiballs in a row. Slowed down a lot though.

If you patch for the censor, you can use the gallery to see any nudes you didn't get while playing as long as you beat the level.

--Cons
Can't serve to the left in mouse mode (possible with keyboard if you jerk the paddle to the left as you serve).

No badge\/cards, if you are in to that.

Only 6 achievements, if you are in to that.

Woman from the thumbnail art is not in the game.
