Omnisphere 2 Steam Folder Help

Any help would be welcome 2 What is a DAW/Sequencer/Host?Dec 19, 2016 Yes I would absolutely recommend this however once you move the steam folder you will need to create an alias (I thinks it's by holding down apple and option then drag and drop)where the steam folder use to be then when you start the daw and load Omnisphere you will have to refresh your patch libabry in Omnisphere.

3 I have a DAW/Sequencer/Host How do I open my Spectrasonics Instrument?
